To Whom It May Concern:

Thank you for inquiring about our Red River Valley Veterans Memorial. This memorial is being built to honor all veterans who have served our country in the past and are currently serving in our military.

This impressive memorial will be located in Paris next to the Eiffel Tower at the Love Civic Center. The memorial's centerpiece will be a Ring of Honor, an elevated ring of granite walls containing the names of all men and women from the six-county Red River Valley area who made the ultimate sacrifice while in service to our country. Surrounding the Ring of Honor will be double-sided granite walls etched with information and graphic depictions of each war or conflict beginning with the Texas Revolution up to the present war in Afghanistan, with room for depictions of future conflicts. Leading up to and surrounding the Ring of Honor will be walkways with 2' x 1' granite pavers engraved with the names of the men and women who served and were fortunate to return home, or those who are currently serving our country.

The Red River Valley Veterans Memorial will be a place for reflection, remembrance and gratitude. It is our hope that this will also be a place to educate present and future generations of the service and sacrifice made by members of their own family and their community to secure the freedoms we all enjoy. And may it be a constant reminder that "Freedom is Not Free."
